Acknowledgments

St. Stephen's Human Services extends its thanks to the many people who have contributed to the 19th edition of the *Minneapolis Handbook of the Streets*.

Terry Hildebrandt at the Salvation Army district headquarters again helped keep the book up-to-date with information about their many locations and services. Likewise, we're grateful to Anne Semenek at Hennepin County Human Services & Public Health Dept. who reviewed the information in the public assistance section.

We also offer thanks to the following volunteers who made many phone calls to update agency information: Sylvia Bachmann, Pat Helin, Johnny Imgrund, Ruth Meitz, and Kate Neis.

If you find errors or omissions in this book, or have any suggestions, please call 612-870-2283 or e-mail me at mmenner@ststephensmpls.org so that we may continue to improve the handbooks.

F. Supportive Housing

Supportive housing generally falls into three categories: Rapid ReHousing, Transitional Housing, and Permanent Supportive Housing. There are many organizations in the community that provide supportive housing programs dedicated to those experiencing homelessness. All of these programs must be accessed through the Coordinated Entry System (see pages 20-21).

Rapid ReHousing (RRH) programs are short term and have the goal of moving families from homelessness to housing as quickly as possible. RRH programs provide families with housing search assistance, rental assistance, and supportive services/case management. Most RRH programs are scattered site which means the program helps families find housing with market rate landlords out in the community and the rental assistance ensures the housing

is affordable works on increasing their income to be able to afford rent on their own. RRH programs vary in their length, but typically last three to nine months; though some might be up to two years.

Transitional Housing Programs (THP) last up to two years. These programs are often site-based (meaning located in a particular building that is managed by the program), but they can be scattered site as well. Transitional Housing programs come with intensive case management services designed to prepare families for living independently. Some THPs have sobriety requirements.

Permanent Supportive Housing (PSH) programs do not have time limits; singles and families can stay for as long as they remain eligible. PSH programs can be scattered site or site-based and come with long-term intensive case management services. Some PSH programs have sobriety requirements.

Coordinated Entry System for Families

The Coordinated Entry System helps families in emergency shelter access supportive housing programs in Hennepin County.

How it works: Once a family is vouchered into shelter by the shelter team, they are included in the coordinated entry process automatically. Families staying in domestic violence shelters or other private shelters are encouraged to work with their advocates at the shelter to access coordinated entry through calling Hennepin County's Front Door (612-348-4111).

The Coordinated Entry system involves a screening assessment to determine eligibility for homeless-dedicated housing opportunities. If eligible, families are placed in a housing priority pool and are referred to housing opportunities based on level of need and available openings.

Note: There are significantly more families in need of housing than there are housing openings. Unfortunately, this means that many families will not receive a housing referral. If you have completed the screening process and have not gotten a call regarding a housing opportunity, this means there is not currently an opening available for your family. If you have questions regarding this, contact the shelter team if you are staying at a county-funded shelter, or contact an advocate at your shelter if you are staying at a domestic violence shelter or another private shelter.

Eligibility:

- Families only – must have at least one minor child in your care or custody, or currently be pregnant.
- Must be staying in an emergency shelter, including domestic violence shelters, or places not meant for human habitation.
- Must be residents of Hennepin County.
- Must remain in shelter to remain eligible.
- Families that are doubled up or couch hopping are not eligible.

Coordinated Entry System for Single Adults

The Coordinated Entry System (CES) helps single adults in emergency shelter or places not meant for human habitation access homeless-dedicated supportive housing programs in Hennepin County.

How it works: After entering emergency shelter, if an individual is unable to locate housing on their own after two weeks, shelter staff will approach that individual and screen them for coordinated entry. If an individual is in a place not meant for human habitation (camping, outdoors, buses, storage units, etc), street outreach staff may identify someone for screening at any point. This screening helps determine the individual's vulnerability, housing preferences, and eligibility for homeless-dedicated housing opportunities. If eligible, individuals are placed in a housing priority pool and are referred to programs based on level of need and available openings.

Note:

- There are significantly more individuals in need of housing than there are housing openings. Unfortunately, this means that many individuals will not receive a housing referral, even if eligible. If you have completed the screening process and have not gotten a call regarding a housing opportunity, this means there is not currently an opening available for you.
- If your contact info changes or if you have questions about the process, notify a street outreach or shelter worker and they can update your information or do a status check for you.
- There are other housing programs and resources that are not filled through the Coordinated Entry System. It is recommended that individuals pursue any housing possibilities, not just those accessed through CES.

Eligibility:

- Single adults – age 18 and over.
- Must be staying in an emergency shelter, including domestic violence shelters, or places not meant for human habitation within Hennepin County.
- Individuals who are doubled up or couch hopping are not eligible.

Rapid ReHousing

There are many agencies that provide Rapid ReHousing services. After you complete the Coordinated Entry Housing Assessment, you will be assigned to one of them. There is no need to inquire with individual agencies.

Diversionary Work Program (DWP)

Emergency Assistance (EA)

Energy Assistance

Supplemental Nutrition Assistance Program (SNAP)

General Assistance (GA)

Medical Assistance (MA)

Minnesota Supplemental Aid (MSA)

Supplemental Security Income (SSI)

What you need: An original picture ID, or a birth certificate, and your Social Security number. **For General Assistance** you must have a Social Security Card *and* one of the following: driver's license, state ID, passport or visa, alien registration card or certificate of naturalization, military photo ID or DD214, school ID, correctional facility photo ID (not from city jail or a mug shot), release/parole agreement (with confirming contact with facility or parole officer), operator's occupational license with photo, employee ID with photo, date of birth and signature, certified or original birth certificate, birth record certification card, notarized copy of a birth record from a Minnesota Indian reservation, or a Tribal Decree card.

Note: When applying always ask about other forms of assistance for which you are eligible. County workers will work with you to find all the programs that you qualify for.

Your Rights:

- to apply or reapply at any time.
- to know the eligibility requirements
- to know how your grant was determined
- to choose where and with whom you live (with certain limitations)
- to appeal any decision or failure to act
- to file a complaint if discriminated against.

Your Responsibilities:

- to provide truthful information
- to inform the proper agency of changes such as address, income, persons living with you, and other factors which can affect your assistance. within 10 days of the change.

Eligibility Supports Help Line: 612-596-1300

A state-sponsored program that provides additional monthly funding to those persons who are receiving SSI or Social Security. The amount of an MSA grant depends on several different factors, such as how much you pay in rent, if you live alone or with other people, and what your total income is. (Income includes Social Security and SSI.) Because it is a state program, the county—not the Social Security office—manages it.

I. Social Security**Where to Apply:**

Social Security Administration

1811 Chicago Avenue South

Phone: 1-800-772-1213

Hours: Monday through Friday from 9 am–4:30 pm.

Supplemental Security Income (SSI)

SSI is a federal needs based program providing benefits to anyone who is aged (age 65 or older), blind, or disabled. Disabled under SSI rules means a person has a medically determinable physical or mental impairment, which: results in the inability to do any substantial gainful activity, and has lasted or can be expected to last for a continuous period of not less than 12 months. Substantial gainful activity is defined as the ability to work and earn \$1,130 per month. If someone is working, there are ways that could lower the monthly gross wages below \$1,130. The Social Security Administration no longer recognizes drug addiction and alcoholism (DA & A) as disabling conditions. Someone with another impairment should still file. If the DA & A does not contribute to the impairment, they could be found to be disabled. Anyone who is disabled, should be encouraged to file for benefits.

To determine SSI eligibility and payment amounts, SSA considers the applicant's income and resources. Income could include money earned from work, benefits from other sources, such as; Social Security, worker's compensation, Veterans Affairs, friends or relatives, free food or shelter. Resources are things which a person owns such as; cash, bank accounts, land, vehicles, personal

property, life insurance, anything that can be converted to cash and used for food and shelter. There are many exceptions/exclusions regarding income and resources. Anyone that is disabled should be encouraged to file for SSI.

To be eligible for SSI, an applicant must be a US citizen or one of certain alien categories. There are many categories of lawful aliens that would be eligible for SSI, contact a Social Security Office or the National 800 number 1-800-772-1213 to inquire.

Anyone applying for SSI will be asked about their medical history; doctors, tests, and medications. The claim representative (CR) will ask questions about the person's income, resources, and living arrangements. The CR will ask the applicant to attest to the truthfulness of their answers.

Appeals:

If an application is denied, there is a 65 day appeals period (60 days plus 5 days mailing). If an appeal is requested after 65 days, the applicant must show good cause for late filing of the appeal. If the late appeal is not accepted, a new application can be filed, but there is a potential loss of benefits. The Social Security Office can provide a referral list for free legal services.

About St. Stephen's Human Services

The mission of St. Stephen's Human Services is Ending Homelessness. We progress toward this goal through a range of effective emergency services, shelter and housing programs for individuals and families.

Emergency Services

Street outreach workers seek out people who are unsheltered, living on the streets, under bridges, in camps or in places not fit for human habitation, and connect them to shelter, housing and services.

Shelter

St. Stephen's operates Minneapolis' longest running shelter in the basement of St. Stephen's Church rectory in south Minneapolis, serving 45 men each night. St. Stephen's also operates a shelter at First Covenant Church in downtown Minneapolis serving 50 men and women each night.

Housing

St. Stephen's housing programs offer people experiencing homelessness the range of support they need to stabilize their lives using the Housing First service approach. Once housed, we work with families and individuals to address other challenges they may be facing.

Education and Advocacy

St. Stephen's works to raise awareness and inspire systems change. Key education programs include our A Day in the Life program and zAmya Theater Project. The Advocacy in ACTion Network provides updates on homelessness and affordable housing issues; as well as targeted calls to action.
